

# British Military Plane Is Shot Down Near Border

## CONGRESS HAS PLAN SETTING UP NEW DEPARTMENT TAKING PLACE OF SECURITY AGENCY

Washington (AP) — President Eisenhower laid before Congress today a reorganization plan setting up a new federal department of health, education and welfare to take over the functions of the present Federal Security Agency.

The White House said the present FSA administrator, Mrs. Oveta Culp Hobby, would become secretary of the new department if, as expected, the plan becomes effective.

Eisenhower submitted his proposal under a general law permitting him to draft plans for reshuffling government agencies in the interest of economy and efficiency.

This law provides that such plans, once submitted to Congress, become effective 60 days later unless the Senate or House adopts meantime a resolution of disapproval.

To be adopted, such a resolution must have the votes of at least half of the 96 senators or half of the 435 House members.

Eisenhower's plan calls for the head of the new department to be assisted by an undersecretary and two assistant secretaries.

Eisenhower expressed the conviction that all the agencies now in FSA-including the social security system, public health service, food and drug administration and office of circulation-should continue within the framework of a single department.

He recommended the creation within the new department of an advisory committee on education, chosen from outside the federal government, to advise the secretary of educational programs of the department.

FSA was set up by President Franklin D. Roosevelt in 1939. It includes the social security system, Public Health Service, Food and Drug Administration, Office of Education and various other agencies in the education, health and welfare fields.

## HEAVY WINTER STORM VISITS BATTLEFRONT

Seoul (AP)—Allied soldiers grappled with Communist troops all across the storm-battered Korean peninsula today.

Winter returned to the rugged eastern front with a vengeance. Front-line reports said howling winds piled snow into 10 to 15-foot drifts. Almost a foot of snow fell in the bleak and barren Heartbreak Ridge sector.

Snow, pelting rain and heavy clouds again restricted Allied air attacks. Most warplanes were grounded.

The heaviest ground fighting raged before dawn on the Central Front. An Allied patrol nosed into no man's land and ran smack into a force of 150 to 175 Chinese led.

The Reds quickly surrounded the outnumbered Allies, identified only as Europeans, and closed in for hand-to-hand fighting.

Two reinforcing units raced to their aid. The first was intercepted by Communists. The second fought its way through to the first. Then the combined force fought grimly through a screen of Reds, rescued the patrol, and fought slowly back to Allied lines.

## Newark Fire Death Toll Is Fixed at 13

Newark, N. J., (AP)—The death toll in a fire at the Anheuser-Busch brewery yesterday has been fixed at 13. All the victims were construction workers who suffocated when trapped in a maze of huge fermentation tanks.

Fire raced up the cork-lined walls of a windowless storage wing at the 20 million dollar brewery. Black choking smoke filled the six-story brick wing, touching off panic among the 80 men at work there. Twenty-nine were hospitalized for smoke poisoning.

Light couldn't pierce the thick curtain of smoke in the wing, and the workmen groped blindly for exits.

About half of the victims were caught inside the 30 by 50-foot fermentation tanks. Small manholes just a little more than two feet in diameter were the only exits from the tanks.

Many of the masons, carpenters and laborers who managed to scramble to safety plunged back again into the smoke-filled wing to help the others escape. Two of these volunteers—Earl Grainger and William Hageman of St. Louis Mo.—lost their lives in the rescue attempt.

## TREATED FOR BURNS

Nina Wohlers, Warren RD 3, was treated at Warren General hospital this morning for burns about the face and neck and then discharged. It was reported that she was burned by "motor flush" while at work at the West Penn Oil Co., Venturatown.

## Tree Planting by High School Students Of Over Half Century Ago Is Recalled

Over half a century ago graduates of the old Warren High school, formerly located on the site of the present Municipal Building at Third and Hickory, experienced a wave of nostalgia today as they saw Park department workers removing an old tree on Third avenue, adjacent to the First EUB church.

In the days of long ago, Arbor Day was always the time for a tree-planting by the senior class, and most of the trees planted by the classes in the late nineties have now disappeared. When workmen started to trim this particular tree, they found it was badly deteriorated and removal was necessary.

Tracy Greenlund, who graduated from the old school in 1892, said today that the high school was in that old building until 1895 or 1896, prior to its use as a grade building, and that class markers used to indicate various class trees. It is believed that the tree being cut down today is about 65 years old. Mr. Greenlund said the tree his class planted was cut down some years ago.

## STATE LAWMAKERS TO QUESTION ECONOMY COMMITTEE MEMBERS

PLEASED TO MEET EACH OTHER—All smiles were Mamie Eisenhower, reporters and photographers as the First Lady held her first press conference since moving into the White House. The new First Lady met almost 100 reporters—about half of them men. Mrs. Eisenhower, perfectly at ease, answered a wide range of questions—from tax legislation to household matters.

## Area Joint School Board Has Election of Officers; Accepts Beatty Addition as Project

After voting to accept the construction of an addition to Beatty Junior High School as its project, the Warren Area Joint School Board Authority, meeting last night in WHS for organization, elected C. C. Wimers of Warren as chairman, Milton Peterson of Conewango as vice chairman, Donald L. Curtis of Glade as secretary, and Paul E. Ristau as treasurer.

Other Jointure board members included in the Authority are: Howard Thompson of Clarendon, Carl G. Peterson of Elk township, Gifford Quiggle of Kinzua township, Glenn C. Elliott of Pleasant township, and Edward McLaughlin of Watson township.

The employment of a bond house and bond counsel were discussed but no decision was made. The bonds may not be up for sale until plans and specifications are completed and approved by the Pennsylvania State Department of Education. The bond house must sell the bonds and produce the money, and the Department must approve the lease agreement before bids can be let and construction, which may not begin until September 1, can be started.

R. Pierson Eaton was chosen as solicitor and the Warren National Bank was named as trustee and as the Authority depository. Mr. Eaton was authorized to arrange bond for the treasurer.

Mr. Eaton was asked to explain the legal aspects of the Authority during which he discussed the transfer of a deed for Beatty school and its site so that contracts with Lawrie and Green, chosen as the architects, can be accepted, and approval given to final plans for the building, the acceptance of bids and the signing of contracts for construction. He also discussed with the Authority the time its members will be required to spend in accomplishing the work to be done.

Melvin G. Keller, president of the Joint Board, thanked the Authority members for their willingness to serve the boys and girls of the area and complimented them upon the excellent start made in this direction. Myron Jewell, president of the Warren Authority, answered questions in regard to procedures.

Mr. Keller asked Supt. Carl E. (Turn to Page Nine)

## Boy Admits That He Murdered His Little Girl Schoolmates

New City, N. Y., (AP)—A 16-year-old boy admitted today, authorities said, that he lured two little girl schoolmates into a woods and killed them.

The boy, Carleton Mason of New York City, denied he attacked the victims sexually but refused to tell his motive, Dist. Atty. John Skahan of Rockland county said.

Coroner M. J. Moses reported an autopsy showed the girls—Esther Nagy, 5, and Marjorie Boudreau, 8, both of New York City—were victims of sodomy.

Esther was stabbed to death and Marjorie died of a brain hemorrhage, caused by a blow on the head. The autopsy also showed evidence of strangulation in both cases, Moses said.

The Mason boy was a member of a searching party which found Marjorie's body Sunday night, several hours after she and Esther disappeared from the playground of an endowed boarding school for underprivileged children. He helped carry Marjorie's body back to the school and gave her artificial respiration. Esther's body was found later.

Mason was questioned after it was discovered that a knife he owned was missing.

## Claims Van Fleet Charges Sustained

Washington, (AP)—The Senate Armed Services Committee, convinced there has been an ammunition shortage in Korea, today ordered an investigation into who was responsible.

Chairman Saltonstall (R-Mass) said the group decided that critical shortages charged by Gen. James A. Van Fleet, retiring Korean Army field commander, "have been fully substantiated."

The chairman was directed to appoint a five-man subcommittee to make an investigation.

Saltonstall said this inquiry will try to "pin this responsibility on people, on the law or on economic conditions."

A resolution ordering the inquiry was offered by Sen. Byrd (D-Va.), who has declared that persons responsible for what he termed this "criminal negligence" should be punished.

## LONG SERIES OF HEARINGS IS PROPOSED

Harrisburg (AP)—Lawmakers sought today to learn how an economy study group decided that \$100,000,000 could be slashed from state government costs before proceeding with their public hearings.

Leaders of the General Assembly's Economy Study Committee invited Francis J. Chesterman to outline to them in detail what procedure was used in arriving at the estimated savings.

"Without a breakdown on how the Chesterman Committee arrived at its various recommendations, these hearings could continue for a year," said Rep. Adam T. Bower (R-Northumberland), co-chairman of the inquiry committee.

Bower said the 30-man legislative committee wants Chesterman or one of his seven-man group to attend the current series of hearings into the economy recommendations.

Bower and Sen. James E. Berger (R-Potter) were to meet with the former president of the Bell Telephone Co. (Turn to Page Nine)

## Basketball "Ace" From Warren Wins Honorable Mention

Warren's George "Ace" Hesch, Gannon College star, today was given honorable mention on the 1953 Associated Press All-Pennsylvania Collegiate Basketball Team. Named along with Hesch were Clarence "Dutch" Burch, Oil City's offering to Pitt, and a Gannon teammate, Dick DeCarlo.

A former Warren High cager, Hesch was recently named Gannon College's most outstanding player by his coach Jim Tullio. As a sophomore he is one of the school's leading scorers and his floor performances have been exceptional.

George is the son of Mr. and Mrs. George F. Hesch, Jr., of 10 Magee Place.

Philadelphia (AP)—LaSalle's Tom Gola and Penn's Ernie Beck were the top vote getters on the 1953 "AP" All-Pennsylvania Collegiate Basketball team named today by sports editors and radio sportscasters throughout the state.

Gola polled a total of 80 points and Beck 70 in the balloting. Several of the writers left off their list All-America choices off their list with the explanation they were limiting their votes only to players they had seen in action. The remainder of the first squad consists of Dick Ricketts of Duquesne; Larry Hennessey of Villanova; and Jesse Arnell of Penn State.

The second team is made up of Norman Grekin of LaSalle; Mike DePaul of Albright; Carson Lovett of Franklin and Marshall; Maurice Stokes of St. Francis; and Don Virotek of Pittsburgh.

## Red Cross Fund Drive Stry of Half Way Mark

Reports from Red Cross Headquarters at noon today indicate the fund drive is just shy of the half way mark with \$12,802 actually tabulated. This includes all divisions, Special Gifts, Commercial, Industrial and also what had been reported from the nine wards and rural areas.

Ralph E. Sires, co-chairman of the borough solicitation was still busy checking returns at noon and hoped that before the day was out the half-way mark would be passed.

Many rural areas are still to be heard from as well as some of the wards in the borough. All workers who have not yet completed calls are urged to get their reports in to their lieutenants or captains Friday or Saturday of this week insofar as they possibly can hand in complete reports.

## 123 TRAFFIC DEATHS IN STATE IN JANUARY

Harrisburg (AP)—Motor vehicle traffic deaths in Pennsylvania totaled more than this January than they did in January, 1951.

The State Highways Safety Bureau yesterday set the 1953 figure at 123. It included seven deaths on the Pennsylvania Turnpike, two more than in January of last year. Twenty-four counties recorded decreases in traffic fatalities from the January 1952 figure. Increases were listed in 25 other counties.

## MEADVILLE STUDENT IS CRUSHED TO DEATH

Meadville (AP)—Raymond Consla, 11-year old fifth grade pupil, was crushed to death after his bicycle was wedged between a turning bus and a utility pole at a corner here yesterday.

## Move Anticipated To Replace Postmasters

Washington (AP)—President Eisenhower shortly will set aside all recent civil service tests through which Democrats were chosen to be postmasters, a highly placed Republican senator said today.

This was described as a necessary first step in a series of moves to give Republicans a taste of the postmastership plums for the first time in about 20 years. As a second step, new examinations would have to be held.

All of the 40,000 postmaster-tships in the country are under civil service. About 3,000 of them are vacant or are filled by temporary appointees.

## Safety Proposals For Turnpike Will Get Consideration

Harrisburg, (AP)—A 10-man legislative investigating committee will meet March 23 to consider a welter of conflicting proposals on how to improve safety conditions on the Pennsylvania Turnpike.

In a series of three sessions, committee members heard pleas to reduce the turnpike speed limit and to leave it alone. They listened to arguments for and against building a barrier in the medial strip and numerous suggestions for keeping drivers alert on the 327-mile toll road.

Gaining most attention of all was a suggestion at the committee's final meeting yesterday from Col. C. M. Wilhelm, state police commissioner, that the number of troopers patrolling the turnpike be increased from 66 to 100.

A boost in the number of police previously had been recommended by several committee members. Expenses of the turnpike patrol are paid by the Turnpike Commission.

Sen. John H. Dent (D-Westmoreland, said Wilhelm's suggestion could be stretched still farther.

## Taft-Hartley Act Is Bitterly Criticized By CIO President

Washington (AP)—CIO President Walter Reuther said today the Taft-Hartley Act has worsened labor-management relations and given employers "a new arsenal of weapons with which to beat us over the head."

Reuther said that, to carry out President Eisenhower's pledge of justice and fairness in labor legislation, the Taft-Hartley Act will need "substantial" changes.

The CIO leader prepared a 15,000-word statement for the House Labor Committee suggesting removal of practically all major provisions of the present law. The AFL recently proposed much the same thing. The committee is holding hearings on possible revision of the 1947 act.

Reuther reserved some of his bitterest criticism for Taft-Hartley provisions allowing court injunctions against union strikes and other practices. Injunctions, he said, make "for labor war rather than peace," and align the government on the side of employers in such disputes.

## AIRCRAFT FROM SOVIET ZONE REPORTED TO HAVE FIRED AT PARACHUTES OF THE VICTIMS

Lueneburg, Germany (AP)—Two Soviet jet fighters shot down a four-engine British bomber near the frontier between the British and Russian zones of Germany today.

The pilot survived and was taken injured to a German hospital, but at least four British fliers were killed. Three bodies were found nearby the wreckage, which landed mostly in this town in the British zone. The navigator, a bullet wound in his shoulder, died of a broken neck as he was being taken to a hospital.

Parts of the wreckage were reported to have fallen across the Elbe River in Communist-controlled territory. German eyewitnesses said the attacking planes definitely encroached upon the air of Western Germany.

Two bursts of machine gun fire were heard and then the bomber blew up, a British official said.

Eyewitnesses declared the attackers had invaded West Germany, where four of the victims were found.

It was the second violation of frontiers in two days. On Tuesday Soviet-built MIG15s attacked two American jet fighters in an area 300 miles south of today's incident. One U. S. jet pilot was shot down, but he parachuted safely to earth.

The plane shot down today was a four-engine bomber, the British Foreign Office said.

It was a Royal Air Force Lancaster, a propeller-driven World War II type that is no match for jets. Such planes usually carry seven crewmen. The Foreign Office said three men bailed out and one later died. This would mean five men died in the attack, if the plane was carrying all seven crewmen.

The Foreign Office spokesman told reporters in London that the attack took place over Bleckede, just within the British zone of Germany. British troops were posted around the wreckage.

A West German policeman said "the fighter planes must have shot at the parachutes of the escaping victims because one parachute had a big bullet hole."

This policeman said eyewitnesses saw an attacking plane over West Germany, but the downed craft apparently fell across the Elbe River in Russian-controlled territory.

The incident came two days after the U. S. Air Force had announced that two MIG 15s from Czechoslovakia had shot down a U. S. Air Force jet near the Czech-German border. The pilot in that case bailed out safely. The U. S. has made a protest to Prague. But the Czech government insisted the gunfire occurred over Czech territory, against the testimony of the U. S. fliers.

Last May an Air France transport flying to West Berlin was attacked by Soviet fighters over East Germany. Four civilians aboard were wounded. The Russians claimed the plane was outside the corridor provided for such flights, but Air Force said this was not true.

Last October a U. S. Air Force hospital plane was fired at by a Soviet fighter over East Germany, but reached Berlin unscathed.

## Grave Danger Seen In Further Shooting Along Iron Curtain

Washington (AP)—U. S. officials said today further shooting clashes between American and Communist aircraft would hold grave danger of setting off an international explosion.

That was a major reason why the latest incident is taken so seriously here. In the kind of trigger-finger tension which now exists in the East-West border country, moreover, there is a serious risk of new clashes.

A Czechoslovak claim that the American jet fighter shot down by a Soviet-made MIG15 Tuesday was over Czech territory was certain to be scornfully rejected by the U. S.

Informants here and at the U. S. airbase at Wiesbaden said there was no doubt whatever that the U. S. plane and a companion jet were patrolling well inside Germany's U. S. zone when two Red (Turn to Page Nine)

## State Police Patrol Town in Louisiana

Elizabeth, La., (AP)—State police patrols were increased in this strike-torn South-Central Louisiana paper mill area after another dynamite explosion rocked the town.

The blast—one of five automobile dynamitings in the past few days—was part of a series of violence that saw a bridge dynamited, power lines cut and homes blasted with shotguns in the six months since the strike started.

Mayor C. H. Fernstermaker of nearby Oakdale said the situation verged on civil war and that the state police, National Guard, "or something" was needed to stop it.

State Police Supt. Col. Francis Grevenberg threw in his reinforcements yesterday at the request of Sheriff Ralph Thompson of Allen Parish county.

## Youngsville Evangelical U. B. Church Lets Contract for Building Parsonage

At a meeting of the building and finance committee of the Youngsville Evangelical United Brethren to the present parsonage on Sec. Lawrence Olsen, South Dayton, N. Y., who will be the contractor-builder of the new parsonage to be erected on the vacant lot next church, a contract was signed with and street.

The new parsonage is the first unit of a building program which will unite the present church and the new parsonage as one unit. The total cost of the program will be approximately \$50,000 when completed.

Architects of the buildings are Freeburg and Lindquist, Jamestown, N. Y. The new parsonage will be one and one-half stories, providing five rooms and bath on the first floor and two rooms and bath on the second floor, with complete basement. It will be of frame construction with brick veneer.

It is the hope of the building and finance committee that construction will begin early in April with the possible completion date early in the fall.

When the educational unit is added it will provide a nursery department, and kindergarten, primary and junior department and class rooms. The pastor's study will also be provided as well as adequate rest room facilities.

The committee chairman is Rev. Harold Lindquist with Lewis Crippen as vice chairman, Mrs. Alfred Thomas as secretary, and Edward Nelson as treasurer, with the following additional members: Earl Young, Gilbert Sanford, Walter Forsberg, Harold Thompson, Alfred Thomas, Charles Helm, Al Aiello, Calvin Abraham, John Bowser and Mrs. Margaret Young.

The complete plans for this building program have been approved by the local conference, the congregation, the Erie Conference Board of Missions, and the denominational department of home missions and church erection, Dayton, Ohio.

**LIONS BANQUET**  
The Lions Club's Father and Son or Daughter banquet will be held at the YWCA on Wednesday, March 18, instead of Thursday as yesterday's paper stated.

**NO Y-TEEN SWIM**  
Because of girls' gymnastic exhibition at Beatty tonight, there will be no regular Y-Teen swim in the YMCA pool, Program Director Jean Moore advises.

**VOLUNTEER FIREMEN**  
The Warren County Active Volunteer Firemen's Association will hold its regular monthly meeting with the Russell department at 8 o'clock tonight.

**CORRY DOES WELL**  
Corryites outdid all previous blood donor efforts Tuesday when 168 persons gave a pint of blood at the quarterly visit of the Red Cross bloodmobile.

**MANY BOYS**  
Eight in a row in about 24 hours is the record for boys at Warren General Hospital maternity ward. All eight babies born at the institution Tuesday evening and yesterday were boys.

**K. OF C. MEETING**  
A record crowd is anticipated at the K. of C. past knights' dinner and meeting this evening. The affair will start with a banquet being served in the club rooms at 6:30, after which there will be a short business meeting.

**LIFE SAVING CLASS**  
All persons interested in starting a new class in junior or senior life saving instruction are asked to meet at seven o'clock this evening in the second floor room of the YMCA, when Chuck Webster, Red Cross director, will accept enrollments and get the course under way.

**BOY WANTS PUPPY**  
We have been asked to print an appeal from a little boy, four and one-half years of age, who wants a puppy, female preferred. Any person seeking a good home for a young dog is advised to telephone 5807-J-1, or notify the Times-Mirror editorial rooms, telephone 1400.

**TEACHERS ASK RAISE**  
The executive committee of the Oil City Teachers' Association requested a \$200 annual raise for school teachers at the Oil City School Board's meeting Tuesday night. The board will study the request along with a possible increase in the school term of from 180 to 185 days. Dr. H. V. Grumbine, superintendent of schools, pointed out that while the state requires 180 days of school, the number of days at the Oil City schools

LATEST VISITORS of the Warren Times-Mirror were these five Cub Scouts from Den 48 at East Street school. In the above picture they are reaching the end of their tour in the pressroom, where they are watching Pressman Bill Burns work on mats. The Cubs are David Steen, Jimmy Hubbard, Fred Hare, David Hughes, and Johnny Larson. Accompanying the group on the visit was Mrs. Phoebe Hughes.

is less than that because of teachers' forums and other school matters.

**FRACTURES LEG**  
James Bacon, of Youngsville, was rushed to Warren General Hospital shortly before noon yesterday when he suffered a fracture of the left leg while working at the Suppa Sawmill on the Warren-Tidioute road. Bacon was injured when a log rolled from a truck which he was helping unload and landed on his leg. The fracture was a compound one.

**MAY FORM JOINTURE**  
At a conference Tuesday night, the Franklin School Board and Mineral Township directors tentatively agreed to form a jointure for grades 1 through 12 beginning July 1. In so doing, Mineral Township directors reversed a verbal agreement with Sandycreek and Frenchcreek townships and Folk Borough that they would not enter into any jointure before March, 1954.

**ATTEND CONFERENCE**  
County Commissioner and Mrs. L. L. Johnson and Rouse Home Superintendent and Mrs. Stanley L. Lawrence left today for Harrisburg where they will attend the fourth annual conference of the County Home Superintendent's Association. Mr. Lawrence is state treasurer of the organization. The conference will be held at the Penn-Harris Hotel tomorrow during the day and evening and the

local people will return home on Saturday.

**NAME IS OMITTED**  
Through an oversight, omission was made yesterday of the name of Arthur Hedberg as chairman of tonight's St. Paul's Brotherhood program. Rev. C. W. Baldwin, pastor of Grace Methodist church, will be the speaker and all are asked to be on hand at 7:30 o'clock.

**MCCRACKEN TO RUN**  
Judge Lee A. McCracken of City, president judge of the Venango County Courts, has filed his nomination petition for the May

19 primary election, according to an Associated Press dispatch from Harrisburg. O. A. Grubbs of Tionesta also filed his nomination petition. Both men are running on the Republican ticket.

**Scout Leader From England Will Speak At Akeley Festival**

Programs plans announced by John Lakas, chairman of the Boy Scout Council Activities committee, indicate that a varied but enjoyable program will be presented at the Annual Sugar Party to be held next Wednesday, March 18 at the Akeley Grange Hall.

Stanley Trevenen, former Scout leader in England and presently residing in Warren, will tell of comparisons between English and Warren community life, particularly related to Youth Programs such as Boy Scout activities. Stanley is presently serving as Assistant Scoutmaster at Troop 8, First Presbyterian church and is employed by Sylvania.

Other program features will be a dramatization by Scout Leaders from Sheffield under the Leadership of Lawrence Stotz. The Maestros, a Barbershop Quartet of Youngville young men, will sing and Council President Byron W. Knapp will present awards to the winners in the recent Window Display Contest.

An opening ceremony will be put on by Scouts of Troop 15, Akeley Grange, under Scoutmaster Bill Granquist.

Reservations are presently coming in at a lively rate. Any Scouters wishing to make a reservation may do so by calling the Boy Scout office, Warren 244.

**Red Cross Officials Are Gratified Over Bloodmobile Visit**

Despite an unusually large number of cancellations due to colds and other illness, 131 pints of blood were procured at the regular visit of the Red Cross Blood Mobile Unit here yesterday. Red Cross officials report that this amount is slightly below the number of pints required to maintain Warren county's quota under the stepped-up program needed to provide blood for Gamma Globulin for use in immunizing against polio in critical areas this year. However, they feel that the operation was successful, and are most grateful to all those who presented themselves as donors, and to the large staff of volunteer workers in the clerical, canteen, nursing, medical, gray ladies, and motor corps.

The Blood Bank yesterday was again staffed by members of the Warren County Medical Society, with Drs. Raymond Lowe, R. D. Donaldson, and J. A. Fino serving as physicians in charge.

The next Blood Bank will be in Warren on Wednesday, April 1st and will be held in the Lexington Avenue Plant of Sylvania—with Sylvania employees furnishing the major portion of the donors.

**Korean Death Road Has Longest Mile**

DEATH ROADS which are under fire by the Reds often are used by troops in Korea. Picture shows a sentry guarding "76 Alley" to warn drivers that danger lies ahead.

By JIM BECKER  
AP Newsfeatures

Western Front, Korea—There are gaping holes in the camouflage screen that attempts to hide the road they call "Chink Alley." Chinese shells put them there. No one wants to repair them.

"Chink Alley" is a steep, twisting road that snakes from Allied main positions forward to lonely outposts where gunners are dug in waiting to blunt any Chinese attack.

The sister road, to the east, is called "Death Valley."

Both of them are shell pitted and it makes for rough riding. But there is no speed limit on either road.

Before a driver starts a trip down he checks his gasoline supply and makes sure his motor is operating well. Then when he tops the ridge that shields him from the Red gunner he tromps the accelerator to the floor and curses his vehicle for not responding more rapidly.

**Longest Mile**

As the supply truck topped the rise and started down the longest mile in Korea, Lt. Joseph Luger, St. Paul, Minn., pointed to a mass of forbidding brown mountains just across a frozen ribbon of ice that glistened in the bright afternoon sun.

"Joe Chink is watching from those hills," he said.

**Printz's**

wind whipped through the open cab of the truck as it hurtled around the curves.

But the mile was negotiated without incident. Except for the huge holes torn in the green and brown camouflage screen and the splintered poles that dropped every few feet, there was little to indicate that the road is a favorite Chinese hunting ground.

Little, that is, until the truck reached the forward position of an anti-aircraft gun. Called "flak wagons," the fast-firing ack-ack guns are used on the Korean front lines to spray their heavy streams of lead at Red bunkers and trenches.

Huddled beside the flak wagon, bundled like an Eskimo but still pink-cheeked and shivering from the cold, was Pvt. Kenneth Thomas of Russell Spring, Ky.

He peered across the valley that is owned by no one and pointed out the Communist trenches across the way.

Shells Arrive

"We've had several incoming rounds this afternoon," he said. He said the Reds were firing mainly at a tank position some distance to the left and an observation post to the rear.

"Joe Chink knows that flak wagon is here," he said. "But he's left us alone so far today."

He eyed the Chinese trenches gouged out of the brown hills in front and suddenly there was the

angry clatter of an incoming artillery round 50 yards behind him along "Chink Alley."

A dirty smoke cloud boiled up and bits of metal clanged off rocks.

"That's a 120 mortar, I think," Thomas said.

There was a general movement to crouch beside the flak wagon.

Thomas pointed out the twisted brown-charred hull of a tank about 120 yards to the left. "They knocked that out yesterday with six rounds," he said. "Luckiest shooting I ever saw."

Tank Blows Up

He explained, one of the Red rounds hit the gas tank and the whole tank caught fire. The men scrambled out safely just before their own ammunition exploded and blew the entire front off the tank. "Tanks are their favorite targets," he said.

**THE STORY OF STALIN (4)**

**AT LENIN'S TOMB**

A favorite saying around Moscow in 1922 was: "Lenin trusts Stalin. Stalin trusts no one." At that time Lenin was head of the Soviet government. Stalin was secretary of the Communist Party. He handed out patronage, he made contacts, he carefully noted who was loyal to him.

When Lenin died in 1924, Stalin's long-time enemy Trotsky made a bid to succeed to the role of supreme leader. Then Stalin brought to the fore all his political craft, learned in the hard school of the Communist underground and czarist prisons over a period of 25 years. He checked all Trotsky's moves and attained Lenin's post. In 1927 he sent Trotsky into an exile which was ended only by assassination in 1940 in Mexico City.

Determined to hold the Soviet dictatorship in a steel grasp, Stalin ruthlessly destroyed his political enemies. No level of the government was

**SHADOW OF THE PURGE**

free of the purge which he ordered. The world looked on aghast as defendants at trials confessed to the most sweeping crimes and plots. Severe penalties were imposed on others who deliberately or inadvertently stepped into the path of the Stalin machine.

Secret police disposed of political dissidents. Blundering workers were shot. Kulaks, small land owners who resisted the program of collectivizing farms, were persecuted, and a million of them forced to starve to death. Everything was done in the name of efficiency for the new dictatorship which Stalin was forging. The first of a series of five-year plans for industrializing the country was launched, private trading was ended, the army and air force modernized.

"Yes, I am rough," said Stalin, "rough on those who roughly and ruthlessly try to destroy the Communist Party."

**KULAKS STARVE**

"This is the spot where the first round landed. I hope you don't mind the bouncing if I speed up a little bit."

### CITIZENS—TODAY AND TOMORROW

Today, March 12, marks the 41st birthday anniversary of the Girl Scouts of the USA. Starting with a handful of girls in Savannah, Ga., the Girl Scout movement has grown in scope and service until today it proudly claims almost two million members.

The girls who have learned cooperation, friendship, community responsibility and special skills through Scouting; number seven million and, along with these are the millions of adults who have given of their time and energy as volunteer leaders and professional workers. Working together, they have proved "a growing force for freedom," objective summarized in the current Girl Scout slogan.

Skills, hobbies, interests developed in Scouting—from conservation to cookery to dramatics, serve girls in later years. Among the millions of women who were Scouts are outstanding leaders in the arts, in politics, in community activities, in education, in welfare—among them, too, are wives and mothers whose first training in homemaking was acquired in connection with the familiar brown or green uniform.

Time has broadened the interests of Girl Scouts. Still giving part of her attention to woodcraft, nature study, and outdoor life, today's Scout is more and more a participant in civic and welfare activities which make her town a better place to live in. She studies child care and serves as a playtime supervisor for children in hospitals and institutions. In many cases, Scouts are playground assistants at parks, day camps, and schools. During the 1952 election campaign, 180,000 Girl Scouts acted as baby-sitters, releasing mothers for trips to registration centers, primary balloting, and the polls.

The Scout helps to lighten the burden of over-worked librarians, hospital workers and school administrators. In time of disaster, she helps with first aid, community feeding, distribution of clothing and supplies, and other services to the injured and destitute. She cooperates with fun-raising campaigns of the Red Cross, March of Dimes, Red Feather services, and many other worthy community enterprises.

For additional emphasis on preparation for informed and active citizenship, Scouts are marking their 41st birthday by the inauguration of a new "My Government" badge. While working for this badge, the "intermediate" Girl Scout, in the age group from 10 through 13, will acquire a sum of knowledge about her community, her government, her legislators and her responsibility as a citizen of which any adult might well be proud.

But the Girl Scout of today is not merely a citizen of her community and her country. She is a citizen of the world; stretching out the hand of friendship across the seas and the lands. As America fulfills her responsibility of leadership among free nations of the world, Girl Scouts will be needed to increase their contribution to national and international understanding.

So, on this 41st birthday, we salute the Girl Scouts and their leaders—may they long continue to grow in strength, in service and in numbers.

Bright sunshine and pleasant spring weather of the past two days reminds that nine weeks from Saturday will be circus day in Warren when one of the popular small tented attractions will hold forth at the airport under the sponsorship of the Warren Lions Club.

Editorial writers seem quite generally agreed that Britain's response not to allow shipment of war materials to Red China is the biggest development of the last few days in international strategy and diplomacy.

Spiritual Diary for Lent

I am the voice of one crying in the wilderness.—John 1:23.

Today's Message

"I am the voice of one crying in the wilderness." With these strange words, John, the forerunner, described himself to the priests and Levites sent from Jerusalem to investigate the strange personality which came out of the wilderness.

His was the voice of Meekness. His highest honor was to be a spokesman for the Christ: "He it is who coming after me is preferred before me, whose shoe I am not worthy to loose."

His voice also was one of Mystery. The Creator endows the human family with a unique ability of communication. We should use this gift to give testimony concerning the goodness of our God. His voice, however, proved to be one of mastery. His cry was the imperative "Make straight the way." From time to time God raises up voices as He needs them. He would use yours amid the confusion of the myriad clamorous voices all around us. Wilderness-born, that voice found its source in the stillness of the Eternal.

Coleridge sings: "Earth with her thousand voices praises God." The human voice ought never be less eloquent.

—CLARENCE A. KIRCHER

Today's Prayer

"Dear Lord and Father of mankind, forgive our feverish ways, rectify us in our rightful minds; in purer lives Thy service find; in deeper reverence, praise." In Jesus' name we pray. Amen.

"The Spiritual Diary" published by AUSTIN PEOPLES, Inc. Copyright

Here And There

An old-fashioned "sugaring-off" party in a Vermont maple syrup camp is described in a newsletter just received from the Pan-American Coffee Bureau, 120 Wall street, New York. It says:

Up Vermont way, it's just about sugarin' time. Now the sap rises from the roots of maple trees, drips into buckets, journeys through the sugar house and, at last, spills out in a golden flood across the country. Sugarin' time. . . a sweet ending to the bitter Vermont winter, a sweet beginning to the reluctant Vermont spring.

This extra season, native only to the land where the sugar bush grows, starts when the days grow warm while the nights retain their chill. It closes with the first roundelay from frogs in the woods and swamps. But there is more to celebrate the end of the season than the song of the frogs. The real ending is at hand when it's time for sugaring off parties, an old-fashioned festivity almost untouched by the hand of time.

The party begins in the morning with the arrival of friends and relatives from miles around. Fifty guests are not uncommon at these get-togethers. The menfolk start right out for the sugarbush to collect the sap which has dripped into buckets during the night. Then the liquid treasure is hauled in horse-drawn tanks to the sugar house where the long process of boiling-down commences. A few experienced "sugarers" remain to hover over the kettle and the rest return to the farmhouse for brunch.

Sugaring-off food is traditional and the first meal, around noon, usually consists of country eggs boiled in maple sap, thick slices of home cured ham, crusty homemade bread, unsweetened raised doughnuts and plenty of fragrant hot coffee. There is lots of good eating, lots of chatter while the syrup cooks away over its wood fire.

The happy hours pass. Every now and then, the "sugarers" test the boiling syrup in the time honored way by threading it from long-handled spoons. Then comes the moment when it's just right for the long-awaited delicacy, Sugar-on-Snow. Send the older children out to gather up handfuls of clean snow. . . heap the snow on serving plates. . . spoon the waxy syrup on the snow. . . rush a serving to each guest! Ahhhh. . . this is indeed worth waiting for.

Now it's time for another sugaring-off tradition, the serving of homemade sour pickles and generous cups of steaming black coffee. Eat the pickery pickles, drink the hot, black brew. . . and before you know it, you're ready for more Sugar-on-Snow. Between helpings, the recent town meeting will be discussed in great detail, the affairs of the nation settled in grave, measured Vermont fashion. It is sure to be a wonderful party and the Sugar Moon will have risen before the last guest leaves.

Terse, Tart and Timely: Had an enjoyable visit from one of our neighboring publishers yesterday in the person of Ed J. Byrne, manager of The Jamestown Sun, who dropped in to meet the staff and look over the plant; come back again, Ed. . . Just by way of reminder that the Warren County Ministerial Association is sponsoring a project to raise money to install a television set in the men's ward at Rouse Hospital, the Warren Kiwanis directors this week voted to contribute \$25 toward the fund, which was started with a \$100 gift from the pastors, and any person interested is cordially invited to assist. . . Leonard Knupp, Newell pressman, was heard to remark on his way to work this morning, "you should have heard the robins up on the hill this morning, sure sounded like spring has arrived." . . The Marching Unit of the Kane Fire Department, which has appeared in and around Warren at various times, will get set for a busy 1953 schedule at a meeting this evening. . . Kinross residents are back of an agitation to have blinker warning lights installed at the crossing in the village, scene of two accidents recently, in one of which a resident of the community was instantly killed, and they will have plenty of support from other motorists in the area.

Icing conditions are dangerous to airplanes; first, because ice formed from the air on a plane adds to its weight and, second, because such ice deforms the surfaces of the wings and reduces their efficiency.

★ EDSON IN WASHINGTON ★

Politics May Force Lowering Administration's High Goals

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON (NEA)—The clammy hand of practical politics is now being laid heavily on the squared shoulders of the eager-beaver planners in the Eisenhower administration.

Comparisons are always odious, but the zeal displayed by the President's own heads of the executive departments is something like the crusading spirit of the early New Dealers.

The new team is crusading for different objectives, of course, but the spirit and enthusiasm are alike. The Eisenhower assistants want to go places and do things—make the world over.

This is revealed in such programs as the resolution against Communist enslavement, revision of tariffs, extension of reciprocal trade agreements, complete overhaul of the tax system, rearranging of federal-state government relationships, revision of farm policy, reduction of taxes after the budget is balanced.

But against this traffic rush of reform, the hands of the practical politicians in Congress are now being raised. These hands may not signify a complete stop. But they do indicate a go-slow, or at least a detour, operation.

A LOT of Republican senators and congressmen campaigned for repudiation of the Yalta and Potsdam pacts. This action was called for in the Republican platform.

When the Eisenhower resolution was sent to the Congress for approval, its text did not contain the words Yalta or Potsdam. Many Republican congressmen therefore felt let down. They felt they would be going against their campaign promises if those words were not mentioned.

So the somewhat meaningless amendment was cooked up, saying that the resolution neither approved nor disapproved Yalta and Potsdam.

The situation on tax reform and an overhaul of the federal-state relationship are much the same. The Treasury team under Secretary George M. Humphrey seems dedicated to the principle that complete revision of the tax structure is necessary.

They don't hope to achieve it all this year. But they do have it scheduled for next year. And they want no taxes cut till the budget is balanced by reduction of expenditures.

The practical politicians in Congress have other ideas. Prevailing sentiment of the Republican majority there is that taxes are going to be cut and the budget is going to be balanced—this year.

AS for a general overhaul of the tax structure, veteran members of the Senate Finance and House Ways and Means Committees say they've heard that one before. Many times. It's a nice thing to talk about, but nothing has ever happened on it since the federal tax laws were codified in 1929. And nothing much is expected now.

The same principle goes for liberalization of tariff and international trade laws. Idealists can argue themselves blue in the face on the need for killing the Buy-American act, admitting more exports from foreign countries so they can earn more dollars and considering national interests before local interests.

A presidential commission headed by former Undersecretary of the Treasury Daniel W. Bell has just issued a big report advocating all these things. They say that at the most a freer trade policy would cost only 90,000 Americans their jobs.

But from the politician's point of view, it's the loss of 90 or even nine jobs in his state or district that's most important.

Similarly for farm policies, high, inflexible price supports don't make sense to the economist. But the farmers like them, and the canny politician with his ear to the ground knows it.

YEARS AGO

Interesting Items Taken From The Warren Evening Times

1933

Taking part in a debate with students of Bradford High are the following Warren High students: Kathryn Kehm, Myrtle Miller, Curtis Goodwin, Ella Darling, Fredrick Boyd, Alfred Maurer, Raymond Carroll and Margaret Chalmers.

Through co-operation of Warren County Commissioners, and the Relief committee, a large number of needy persons are receiving cabbage, potatoes, turnips and sauer kraut which are being provided from the crops raised at Rouse Hospital, at Youngville.

Hi-Y boys will present a play, "Run for Her Money." In the cast are Helen Groves, Betty Halsey, Mildred Anderson, Kathryn Kehm, Sherwood Miller, Richard Juline, Jack Logan, Robert DeLong, Alfred Maurer.

Joe Falcato, acknowledged bowling champion of the world, will give an exhibition at the Elk club alleys next week. He has 25 perfect games to his credit.

Death toll in California earthquake is 140. Long Beach suffers heaviest damage. Possibly 4,000 injured. Hundreds homeless. Times-Mirror office besieged by calls from anxious relatives eager to learn details about the devastating quake.

Blue and White quintet downs Kane high cagers at Bradford to capture the championship of Northern Division.

1943

War Bulletins: Berlin reports evacuation of Vyazma. Bloody battle for Kharkov reaches new critical phase, German radio asserting that nazis had recaptured Kharkov. . . RAF pays eighth night visit of month to Germany.

The Office of Price Administration announced a detailed list of "play" shoes and certain other types of footwear which were released from ration control.

Miss Edna Glasser, president of Warren Players, appointed a committee consisting of Monty McClure, Astrid Cowden and Margaret Wright to report selections for the April meeting.

Charles McLean is leading the Senior group in the annual foul throw contest going on at the local Y.

Reports few thick and fast throughout Warren yesterday that cheese, fats of all kinds and other commodities would be frozen at noon today and scores made heavy purchases to carry them over the period.

The Red Cross home nursing class instructed by Mrs. Margaret Francis, RN, gathered at the YW for supper in her honor.

## ATTEND CAPPING

Mr. and Mrs. Plumer Mourer and son, David, with Mrs. Lena Mourer, of Youngsville, and Mrs. Edward Garvin of Russell, were in charge of the capping exercises at the Swedish Covenant church at the Immanuel church at 8:00 p. m. today. Other area girls in the class were Grace Swanson, Sugar Cove, and Carol Swanson, Jamestown, N. Y.

## STUDY GROUP MEETS

Lacy FTA Study Group held its March meeting at the home of Mrs. Margaret Gebhardt, with Mrs. Frank Smith as chairman. The meeting dealt with problems of third grade children, with Miss Marie Gaghan and Miss Ellen Thoreson, faculty members, leading in the discussion and giving a review of a typical school day. Also considered were health problems.

To conclude, refreshments were furnished by Mrs. J. B. Heach, Mrs. E. R. Anderson and Mrs. A. L. Knopf. Following the study group session, an executive meeting was held by committee officers.

## VFW AUXILIARY

President Bessie Sullivan asks that all officers and members of Dinsmoor - Schwing Auxiliary, VFW, be in attendance at the regular meeting at eight o'clock this evening in the post rooms. A social hour will follow the meeting and refreshments will be served.

## WSWS MEETING

WSWS members of Bethel Evangelical United Brethren church will hold their regular meeting at the church at 7:30 this evening. With men of the church as invited guests and Mrs. Floyd Conklin in charge of the program. All members are asked to be in attendance for the business session, which will include election of officers. Hostesses will be Mrs. Ethel Harriger, Mrs. Neva Nichols and Mrs. Gladys Johnson.

## AKELEY WBA

Akeley - WBA members will hold their regular meeting Wednesday, March 18, at the home of Mrs. Christie Lundmark. Meeting time will be two o'clock, with tea following.

## WATSON GRANGE

All members of Watson Grange are asked to be on hand this evening for an important business session and program.

Everybody reads the Times-Mirror

## Gathered From The Party Line

Mr. and Mrs. C. A. Grundberg and children have returned home after spending a few days visiting Mrs. Grundberg's brother, St. George G. Carlson, and family, stationed at Ft. Myers, Arlington, Va. Included in the visit were trips to the various interesting sites in and around the capital.

## LEADERSHIP COURSE

The second meeting of the Girl Scout leadership training course will be held at the Warren Public Library Friday and all interested adults are urged to be on hand, whether or not they attended last week's session. The time is 9:30 a. m., and each one who can stay all day should bring a lunch. If it is more convenient, members may come for just part of the day.

## IN APPRECIATION

To all of the nursing staff and friends who sent cards and called. Thank you.

Neils C. Olsen.

## Recreation Committee Debates Tower Project

At a meeting of the Warren Borough Citizens Recreation Committee held yesterday, the chairman, Ray Reed, reported that an invitation had been extended to the committee to attend the next meeting of the Hot Stove League. Although no date has been set for this meeting, the Hot Stove League vice president, Gerry Archibald, was informed that the committee would send representatives.

The Recreation Committee also discussed a request by the Air Observation Division of the Civil Defense Organization to construct an observation tower on War Memorial Field. The committee gave extensive consideration to the request and is drafting a recommendation which will be presented at the April meeting of the Warren borough council.

The Citizens Recreation Committee was created by the Warren Borough Council in November, 1952 to study the recreational needs in Warren. The Committee consists of Ray Reed, chairman; Dr. A. J. O'Connor, vice chairman; Robert Wilder, secretary; Mrs. Walter Pearson, Jack Wendell, and Ed Lowrey.

after the school examination, the principals talked about possible ways of having this work done.

Attention was called to the plans for Edinboro State Teachers College to be one of the places for teacher workshops during the summer. Elementary school teachers will meet there the week of June 18; and secondary teachers, the following week.

## EXTENSION MEETING

Barnes - The home economics extension meeting scheduled for this week has been postponed until Tuesday, March 17, when an

**25TH ANNIVERSARY OF CLYDE HANSEN**  
Mr. and Mrs. Clyde Hansen, Conewango avenue extension, who will observe their silver wedding anniversary next Tuesday, March 17, will receive relatives and friends at their home on Sunday.

all-day session will get under way at 10:00 a. m. All attending are reminded to bring noon-day lunch. Materials for the baskets have arrived and it is hoped much can be accomplished at this meeting.

# Kinzua Residents Inaugurate Agitation for Blinker Lights at Dangerous Pennsy Crossing

Among many important subjects of interest to motorists and residents of the county generally that were discussed at the meeting of the board of governors of the Warren County Motor Club held last evening in the cedar room of the Blue & White restaurant was that of the need of blinker lights at the crossing in Kinzua, scene of a fatal collision causing the death of a resident of that village recently.

As a result of the discussion it is expected that the supervisors of Kinzua township will be asked to appeal to the Public Utility Commission to order such installation.

There were fourteen members in attendance in addition to President Al Albaugh, who was in charge, and Mary Mac Corah, office secretary.

The membership report showed there are 2,359 on the rolls as

compared to 2,002 at the end of February, 1952. Mrs. Corah made an interesting report on her attendance at the recent conference of motor club secretaries. She said all clubs were represented and the convention proved most enlightening, educational and beneficial. She explained a new system of tour service for members, and was authorized to visit either the Erie or Bradford club for a briefing on the plan.

A letter from national headquarters concerning the use of cars used in the High School driver training course was read, along with others written in reply by local school officials, Supt. Carl Whipple and James E. Springer, instructor for the course.

A committee composed of Don Schuler, Homer Mohr and Roy Blodgett was named to look into the matter of the club sponsoring an essay contest and report at the next meeting. Homer Bowersox was appointed to investigate a proposal to purchase a mimeograph machine for the club office.

It was decided that the club would stage a "direct mail" campaign for new members during the coming year. The club also decided to purchase space in the official program of the coming Girl Scout "Parade of Magic."

The club received a report that gravel has been raked off and smoothed up on the approach to the footwalk on the bridge over the creek at Kinzua, and a steel band has been erected on the embankment side to protect pedestrians.

The report of the office secretary showed that 42 members of the club received road emergency service, seven out of town members received similar service, and 27 members were assisted by out of town clubs.

Present at the meeting in addition to Mr. Albaugh and Mrs. Corah were the following board members: Dr. Quay McCune, Clifford Johnson, Ed Lowrey, Roy Blodgett, P. C. Ostergard, A. L. Rassmussen, W. F. Crosssett, H. M. Mohr, Karl Grettenberger, and Homer Bowersox, all of Warren; Don Schuler and J. A. Blomquist, North Warren; Clarence Akeley, Russell; Richard Morrison, Kinzua.

Amelia Earhart was lost near Howland Island, a small Pacific island near the Gilberts, about halfway between Hawaii and New Guinea.

# Awards Distributed At March Meeting Of Cub Pack No. 2

A large group of parents was in attendance for the March meeting of Cub Pack 2, when opening exercises were in charge of Den 1, and each den group had a display dealing with transportation. A great deal of work was evidenced in the various models and all felt the boys should be proud of their efforts.

Cubmaster Dee Drayer presented awards as follows:

Den 1—Kirk Dahle, Bear badge, one gold, one silver arrow; Dennis Lampson, Wolf, one gold; Toby Toblin, Wolf, one gold, one silver; Roger Colvin, Bear badge; Jimmy Kaler, Bobcat pin.

Den 2—Jimmie Mullhaupt, Bear badge; Dick Gebhardt, Bear, one silver arrow; Danny Erickson, Lion, one gold, one silver.

Den 3—Cortland Carlson, We-

belos badge; Dick Fowler, Dave Anderson, Eugene Conklin, each a Bear badge, one gold, one silver arrow; Paul Johnson, Bear, one gold; Jim Chitester, Lion, one silver.

Den 4—Pete Ostergard, Lion, one silver arrow, Webelos badge; Fred Dunham, Bear, one gold, two silver; Jeff Morrison, Bear, two silver; Dan Dorsey, Wolf badge; Jack Burton, Bobcat pin, Wolf badge, one gold; John Tickner, Lion, one gold, one silver.

Den 5—Jeff Van Pelt, Bruno Vavala, Wolf badges; Bill Swanson, Lion badge, one silver arrow; Jim Gaghan, Ronnie Loper, Lion badges.

Den 6—Craig Palmer, Lion, one gold, one silver arrow; Doug Palmer, Wolf, one gold, one silver; Cliff Nelson, Bear, two silver; Joe Pasquino, Lion, one gold; Dick Drayer, Bear, one silver; Jack Carlson, Wolf, one silver; Willard Briggs, Lion, one gold.

Service stars—Four years, Mrs. Ostergard, Walt Pearson; three years, Mrs. Naomi Swanson, Jim Nordine, Jim Palmer; two years, Mrs. Gaghan, Willard Briggs, Willis Tickner, Dee Drayer.

Cortland Carlson was introduced to Fred Watt of Troop 2, who gave a very interesting talk on the responsibilities of a Scout.

Willard Briggs announced the theme for April after the Pack flag had been awarded to Den 6 for having the most Cubs and parents in attendance.

The group was notified by Walt Pearson that a maple syrup festival will be held March 18 in the Akeley Grange Hall.

Movies shown were of a humorous nature and were greatly enjoyed by everyone.

Mrs. Tickner was introduced as a new Den Mother and the meeting was concluded with a ceremony in charge of Den 1.

# Coast Guard Searches For Oil Tanker's Bow

New York (AP)—Coast Guard cutters and planes searched an 80-mile radius of the gassy North Atlantic today for the bow of a split oil tanker and eight missing persons.

Six Navy and Coast Guard planes — from Argentina, Newfoundland, Salem, Mass., and Brooklyn — and three cutters concentrated their search in the area where the stern of the Liberian tanker Angy was found drifting.

The Angy caught fire, exploded and broke apart four days ago. Its aft section was sighted yesterday by the American freighter Claiborne and 28 crewmen were rescued.

The Coast Guard here quoted them as saying they saw the bow drifting for more than 30 minutes after the ship broke up. Then rain came, and it was never sighted again.

Four men were seen on the bow as it floated away.

# Interesting Program Presented Kiwanians

Members of the Warren Kiwanis club in attendance at the weekly meeting at the YWCA Wednesday noon greatly enjoyed the entertainment provided by Clare J. Cray, who presented his program "The Four Seasons in Warren County," featuring colored slides and motion pictures.

President Gus Carlson introduced visitors, including Sam Rosetti, Pittsburgh; Arnold Wren, Erie, and Harry Granquist, Warren.

Application of one new member was read, and announcement was made that Joe Brown, of the J. C.

Pennay Co., has been nominated to fill a vacancy on the board of directors.

Gifts made locally from the underprivileged children's fund were announced, and a letter from Cliff Bette, past president, from Hollywood, Fla., reminded the club members to write letters to a local boy in service in Korea.

The club voted to donate \$25 toward a fund being raised by the Warren County Ministerial Association to purchase a television set for the men's ward at Rouse Hospital.

# Long Series of Hearings Is Proposed

(From Page One)

phone Co. of Pennsylvania later in the day to clarify the situation.

The 30-man legislative committee yesterday heard testimony from representatives of a dozen organizations opposing a Chesterman recommendation to abolish a State Commerce Department program dealing with tourists and recreational and industrial development advertising.

Bower said the committee is hampered by not having a member of the Chesterman Committee present at the hearing to defend its recommendations.

Yesterday's opposition was led by the Tourists' Advisory Committee of the Commerce Department and the Community Development Committee of the State Chamber of Commerce. Joining in were representatives of various Chambers of Commerce, publications, industries, railroads and hotel and restaurant associations.

# Area Joint School Board Has Election of Officers

(From Page One)

Whipple to explain the need for the Beaty addition and the advantage of using an Authority. Supt. Whipple pointed out that five or six rooms in the new Jefferson Elementary school must be used this fall to handle the overflow from Beaty, and said the advantage of the Authority is chiefly financial in that the State will pay about half the cost of the new addition, as well as enabling the Jointure to secure a lower rate of interest on its bonds, as is the case with the Warren Authority. This latter rate being exceptionally advantageous.

Details of the building project were delegated to the Jointure's buildings and grounds committee, with the chairman of the Authority to select one Authority member to work with this committee for the next two months. J. Russell Hanson is chairman of the building and grounds committee and its other members are Norman Grosch and Charles Frantz.

Navy Plans to Abandon The Alaska Oil Project, Which Is Opposed by Rep. Leon Gavin

Congressman Leon H. Gavin, of Oil City, delivered a timely and interesting address before the House Armed Services Committee last Friday concerning the oil exploration program at Point Barrow, Alaska.

Shortly after Mr. Gavin's speech it was learned that the Navy Department plans to abandon the costly project, which has been a subject of contention ever since it was started.

The text of Mr. Gavin's address follows:

"Several years ago the Army had the Canol project up in the Canadian wilderness that cost the American taxpayers \$138,000,000. And I might say that after this project was completed, there was a dedicatory ceremony and about 10 days later the whole project was discontinued—abandoned—and nature took over. It was finally sold for scrap, written off, a complete loss, with the exception of a few hundred thousand dollars received from the sale of the equipment and refinery.

"After the Canol failure by the Department of the Army, the Navy decided to get into an oil exploration program—Petroleum Reserve No. 4 at Point Barrow, Alaska. In a letter from the Department of the Navy under date of 14 Janu-

ary 1953 they state, and I quote: "When the Canol project in Canada was known to be a failure, the War Department was anxious to find a replacement project which could be relied upon to furnish the military with petroleum products in Alaska. Captain W. C. Latrobe, then in the bureau of Ships and Rear Admiral Ben Moreell, Chief, Bureau of Yards and Docks, were persuaded that Naval Petroleum Reserve No. 4 offered the best chance of finding oil in Alaska. Rear Admiral Stuart (UNFR) concurred in this view as I believe also did Mr. W. E. Wrather Director, U. S. Geological Survey. Decision to activate the reserve seems to have been made by the then Secretary of the Navy (Knox) after discussion with the CNO and with the knowledge and consent of the President."

"Now I want to point out to the committee that the accumulative status of costs up to 31 August 1952 from figures submitted to me is:

1946 .....	\$ 965,000
1947-50 .....	9,800,000
1947-51 .....	14,600,000
1950 .....	3,000,000
1947-52 .....	11,900,000
1947-53 .....	6,100,000
1953-54 .....	7,500,000

Total appropriated to date .....

Government furnished materials w/o exchange of funds (EST) .....	12,000,000
--	------------

Totals funds & materials to date ... 64,765,000

Unexpended balance, 31, Aug. 1952 .... 13,480,226

Inventory of Gov't furnished materials 31 Aug. 1952. (est.) ..... 6,000,000

Total cost of program to date .... \$45,284,074

"Also, it was stated in the Navy Department letter under date of January 14, 1953, and I quote: "Under current plans, and according to the recommendations of the Advisory Committee, a full program through calendar year 1955, assuming negative results, will be necessary for a reasonable evaluation. The figure of \$50,000,000 includes the funds for operations during the calendar year 1953. Thus, estimating \$10,000,000 per year for 1954 and 1955 and \$5,000,000 for close-out in 1956 gives an estimated minimum future cost of \$25,000,000."

"In June, 1951, Arctic Contractors, Inc., estimated that a 16-inch line from Umiat to Valdez could be constructed for \$65,000,000; however, it seems possible that actual costs for such a line might be as much as \$100,000,000."

"Now, I want to point out to the committee that an amount approximating \$10,000,000 will be requested for fiscal year 1954. A point relating to this which I think will be of interest to you is that, heretofore the appropriation for petroleum reserve No. 4 has been carried as a separate item and therefore easily identifiable item. In FY 54, however, it is planned that appropriation for this reserve will be carried as part of the general appropriation for all petroleum reserves and may, therefore, be somewhat less easily identified. The designation of the appropria-

tion will be "Naval Petroleum Reserves."

"Now I might say to the committee that the results of this exploration have been virtually nil. It appears that geology of that whole area indicates the possibility of oil in exploitable quantities. Actually, some small amount of oil has been found and some gas wells have been drilled. Naturally, the question arises as to whether, if oil is found, how it can be transported from the area. The Navy has been carrying on experiments as to the feasibility of the construction of a pipe line which, I would gather, could not be less than 500 miles in length and would probably be much longer depending on the particular route taken. The experiments have indicated that it may be possible to lay the line, at least for a portion of its length, about three or four feet below the surface of the ground and cover the pipe completely both below and above with tundra, the moss-like vegetation of that part of Alaska. It would not appear, however, that regardless of the feasibility of the tundra insulation for the northernmost part of the line, there is no tundra as the line progresses southward and some other form of insulation would be necessary for this part of the line. In any event, such a line would, in my opinion, be fabulous in cost since temperature, it would probably be necessary to cross the Yukon River and two mountain ranges.

"The report of the special sub-committee on public works in Alaska (Mr. Porter Hardy, chairman—August 31 to September 10, 1951), states in part that 'It should be mentioned, at this time, that the sub-committee is hard put to understand the need for the tremendous expenditures this project necessarily entails. Here we have a diligent search for petroleum being conducted in one of the most inaccessible areas in the western hemisphere. There are no roads,

railroads, or transportation available within hundreds of miles. Point Barrow is at the northernmost tip of Alaska on the shores of the Arctic Ocean, with sea lanes open for only two months a year, at the most. The only means of access is by air, and this from Fairbanks, 500 miles distant and over some of the roughest and most desolate terrain in the world. Even if vast petroleum deposits are discovered the problem and expense of transporting the fuel to transportation terminals is one that staggers the imagination. The sub-committee is frank to admit that it has not made an adequate study of the entire problem. But believes that this most certainly must be done by the proper authorities before further appropriations are authorized for this project."

"The seventh report of the preparedness sub-committee of the Senate Committee on Armed Services following an investigation from August 31 to September 10, 1951, states in part:

"During the war the Navy instigated an exploration of this petroleum reserve, using military personnel for the purpose. Since the war it has continued this project under a civilian contract. Approximately \$30,000,000 has been expended on this project and it is estimated that an additional \$20,000,000 will have been expended by December 31, 1952, when it is planned to complete the exploration work. For the fields to have any commercial significance they must be of vast size because of the difficulty of producing and mar-

keting the oil in this area. It is the Navy's belief that it is entirely feasible to construct a pipe line from this area to the south if the amount of oil discovered is sufficient to make its exploitation commercially attractive."

"The construction of the pipeline in the event a major oil field is discovered will cost several hundreds of thousands of dollars, and present major engineering problems. These, however, are deemed to be surmountable.

"The Navy is extremely cautious and conservative in any predictions they make concerning the oil potentialities of this area. Prior to the time the sub-committee was in Alaska no significant discoveries had been made. However, we are informed that the Navy had utilized the services of expert geologists and petroleum specialists and they all believe that the signs point to the existence of considerable oil in the area. Two minor oil fields and one gas field had been discovered prior to the sub-committee's visit. The base camp at Point Barrow is heated by natural gas from the field. Shows of oil had been found in every well which had been drilled. However, during the sub-committee's visit, a well of significant size producing 550 barrels per day was brought in at Umiat. We are also

Table with financial data: Total appropriated to date, Government furnished materials, Totals funds & materials, Unexpended balance, Inventory of Gov't furnished materials, Total cost of program to date.

"Also, it was stated in the Navy Department letter under date of January 14, 1953, and I quote: "Under current plans, and according to the recommendations of the Advisory Committee, a full program through calendar year 1955, assuming negative results, will be necessary for a reasonable evaluation. The figure of \$50,000,000 includes the funds for operations during the calendar year 1953. Thus, estimating \$10,000,000 per year for 1954 and 1955 and \$5,000,000 for close-out in 1956 gives an estimated minimum future cost of \$25,000,000."

**A. & P. Stores Giving Fishing Fleet Assist**

An SOS from the Atlantic fishing fleet is being given fast attention here, it was learned today with drastic price reductions at A & P Food Stores for top quality, quick-frozen fillets.

"Market glutted... need help desperately" was the essence of the message from National Fish Headquarters at Boston. "Producers sacrificing below cost, top quality," continued the SOS.

Local officials of A & P reported their Boston executives had pledged aid to the producers, and large shipments are now arriving for stores here to sell at under 30 cents per pound. Last week the price was about ten cents a pound more, and a year ago the price was about double. A five-pound box of the frozen fillets, excellent for stocking a home freezer, will sell for "well under a dollar," it was said.

"Such a price for a fine, boneless, tasty fish represents a tremendous bargain for food-shoppers and it is particularly timely now during Lent," commented an A & P spokesman.

**Visiting Nurse Board Holds March Meeting**

Miss Mildred Blair, president, was in charge of the March meeting of the Warren Visiting Nursing Association board of directors, held in the city building.

Mrs. Frances Mader, visiting nurse, showed in her report for the month the addition of nine new cases and 23 still under care. She made 181 nursing visits and received 62 office and telephone calls.

The recent arrival of the wheel chair purchased by the association was also reported; also two hospital beds, all of which may be loaned to any persons needing them.

Donations acknowledged included a commode, a cane, two baby sweaters and two back-supporter belts.

**All Exhibit Space For Tulsa Exposition Sold**

Tulsa, Okla., (Special) All exhibit space has been sold for the May 14-23 International Petroleum Exposition in Tulsa, Wm. B. Way, general manager of the oil show, announced today.

Space contracts issued total \$52, for prime exhibitors, compared to \$76 for the last oil show. Counting associate exhibitors, more than 1500 oil industry manufacturers, suppliers and service companies will participate in this exposition.

The basic exposition plant which housed displays in the 1948 show occupies nearly 25 acres, and more than 6 acres of additional space were acquired for the thirtieth anniversary affair this spring.

"We added two new areas this year to accommodate space demands, and we're still getting requests," Way commented.

He added that "this is the biggest show yet, by far."

"It's about one-third larger than the 1948 show in exhibit area, and all indications assure us there will be at least 25 percent increase in attendance over the last exposition."

Total attendance at the last show was 300,000 with more than 5,000 individual oil men present from the U.S. and 43 other nations of the world. Attendance at the big show this spring is expected to reach 500,000.

**Runs-to-Stills**

Runs of Pennsylvania grade crude oil to stills in the week ending February 28, announced to 269,902 barrels, a decrease of 33,510 from the preceding week when the demand amounted to 303,712 barrels, according to a report of the National Petroleum Association compiled from data secured from oil companies refining that grade crude. Daily average runs to stills during the week ended February 28 were 38,558 barrels, a decrease of 4,829 barrels from the February 21 runs of 43,387.

## Hug-Tites For Spring

Budget Priced at Only

AAA TO C WIDTHS **795** ALL SIZES With All the Wonderful Comfort Features Still In

There's new glamour this Spring in these beautiful new "HUG-TITES". The marvelous all-day foot comfort is there in styles that will make your feet look smart in any Easter Parade. There's beautiful new colors, too, in the smart mesh trims. And the new heels are dressy, but not too high.

### METZGER-WRIGHT'S Shoe Department

### Parade of Magic To Be Presented For International Troop

Two hours of Magic, Mirth and Music are being arranged for the night of Saturday, April 18, when the International Girl Scout Troop will present a Parade of Magic in the Woman's Club auditorium, with proceeds to be used for the summer European Fund.

Headlining the evening's performance will be two Buffalo magicians who will be making their first appearances in Warren. One is Gene Gordon, a professional entertainer and owner of Buffalo's magic shop, who is one of the best known and respected personalities in the magic fraternity.

Mr. Gordon was one of three men who organized the International Brotherhood of Magicians, a club which grew from that small nucleus to a unit of over 10,000 performers in every corner of the globe. The IBM is the largest organization of magicians in the world today.

Sharing the headlines with him will be another Buffalo professional, Bill Wahl, also a member of the IBM, is one of that city's busiest entertainers, greatly in demand for night clubs, banquets and theater shows. He was recently one of the featured performers at the New York State Conclave of Magicians in Buffalo.

These two men of magic alone would provide a fascinating evening, but the committee is also booking other acts from nearby cities to make the "Parade" the best show of its kind ever presented in this area. Performers from Jamestown, Bradford, Kane, and Warren are expected to be signed in the next few days to complete the bill.

In the meantime, the International Girl Scout Troop is preparing to put tickets on sale for both the evening show and a special matinee to be presented for children only.

### Scout Groups Are Specializing In Aquatic Training

One of the newer Scouting programs in Warren, more or less in the experimental stage as yet, is now well under way and proving very popular with the boys participating.

In cooperation with the YMCA a full swimming and life saving

### Human Race Most of the Time Afflicted With Dictator Of Some Sort, Hal Boyle Finds

By HAL BOYLE

New York, (AP)—What makes and breaks a dictator? The death of Joseph Stalin leaves the average man wondering: "What makes a guy like that anyway? I wouldn't have lived his life for all the gold in Ft. Knox."

He feels that a dictator is a freak offshoot of some kind, only rarely to be reckoned with. The truth is the human race has been afflicted through all time by dictators, large and small... It still is... It perhaps always will be.

Most people like to love and be loved... To hate a little... To rule and be ruled... To have enough prestige to make them feel good—but not at the price of too much responsibility... And they find it difficult to believe anyone would want power for the sake of power alone.

But dictators, great or small, do... The ability to exercise pure naked power is to them food, wine, love and money... To gain power they will sacrifice on the altar of their ego all other human satisfactions of body and spirit.

What destroys dictators?... Their egomania usually carries them too far... Their excesses become too much for the people to bear, and they meet the fate of Nero... Or, like Hitler and Mussolini, they are deluded into believing that because they are skilled in politics they also are masters of war... They get to thinking they can do anything...

And who is to tell them they can't. In this respect Stalin was the most successful dictator of modern times... He pitted his enemies against each other rather than against him... He kept the wolf-like sense of caution to the end... Dictators on thrones or in pulpits... In kitchens or classrooms... At factory benches or executive desks... Usually share one other thing... They are lonely, distrustful of men and women. For there isn't room in the human heart for both the love of power... And the love of love itself... Most people prefer love to power... If they didn't there would be no human race.

Canada was united under one government in 1867 although there previously were governments in separate parts of the country.

The Ainu of Northern Japan are believed to be descendants of the primitive Neolithic inhabitants of the country.

### Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, goosy, pasty taste or feeling. Checks plate odor. (denture breath). Get FASTEETH at any drug store.

Auxiliary Members Hear Explanation of Evacuee Operation

Conducting the regular meeting of Chief Complanter Auxiliary, American Legion, on Tuesday evening, Mrs. William Germonito, president, introduced Dr. A. F. Yerg, who explained in full the work of the medical group in the civilian defense program and the auxiliary's part in the first aid stations or evacuee units.

Plans are still incomplete, he explained, but are being mapped out to determine how bed spaces, sanitation, food and medical care may best be handled in the event of a bombing or other disaster. Teams of nurses and workers are being made up to inspect possible sites and plan each place available in the various districts.

Dr. Yerg stressed the need for more workers trained in first aid, home nursing and practical nursing for carrying out this project. A business meeting of the auxiliary followed, with plans completed for the thirteen dinner to be held jointly with the post on Tuesday, March 17, to celebrate the post anniversary. Members were

TO HEAD VA? — Congressman Bernard "Pat" Kearney, of New York, seems a likely choice to succeed Carl Gray as veterans' administrator. Kearney is expected to resign from his position in the House of Representatives if President Eisenhower names him to the post.

asked to furnish tureens, the committee to serve the meat, rolls, coffee and dessert.

A donation of \$25 was voted to the Red Cross Fund, also medical aid for a veteran and his children who are ill.

Members were asked to knit sweaters for the Children of Korea under a project of the auxiliary's national child welfare chairman. Yarn will be purchased by the auxiliary for any member who will knit. The sweaters are to be "heavy for warmth" and "bright with color", designed to not only warm the children but to cheer them as well. Sweaters which are outgrown, but not torn or mended, may also be sent but the plan stressed new sweaters, since most of these children have never known what it is to have a new garment. At the close of the evening, Mrs. Alan Buerkle and her committee served refreshments from a St. Patrick's table. Assisting hostesses were Mrs. Frederick Beyer, Mrs. John Barr and Mrs. Harry Schmidt.

## Irvine's Residents Plan Organization Of TV Cooperative

At a well-attended meeting held in the Irvine school building it was agreed to organize an Irvine TV Cooperative for the purpose of piping television reception into the homes north and east of the railroad tracks.

Officers were elected to be in charge of and expand the project when it is found to meet the expectations of the sponsors. Those named were Thomas Glosick, president; N. B. Huling, secretary-treasurer.

Work will be started this week and it is hoped the entire project may be completed in a short time. The initial installation provides for an antenna to be erected on the tallest tree atop the mountain southwest of town, the run to be made to the home of Duane Wilder for reception tests. If these are satisfactory to the engineers in charge, Joseph Littlefield and James Ferrin, extension will then be made to the residences of the 15 pioneers who are sponsoring and financing the original installation.

Arrangements are made by the engineers for expanding the original project to include 32 residences, consideration to be given this plan after completion of the present installation.

# Navy Plans to Abandon The Alaska Oil Project, Which Is Opposed by Rep. Leon Gavin

(From Page Ten)

should be terminated at once as I understand the harbor at Point Barrow is open but six weeks of the year, and it is questionable actually how much oil and gas they have found there. The cost of a pipe line to transport the oil, if oil should be found, would be prohibitive. There is no economic justification to develop the area as there is no ready market for the oil and even if substantial quantities should be found, transportation difficulties enter into it. Even if these difficulties could be worked out, it would be leased to private industry. If private industry is interested, why not let them carry on the exploration rather than carry it on at a tremendous cost to the American taxpayer?

"In my opinion the Armed Services Committee should recommend to the Appropriations Committee that they should deny any further appropriations for this project—salvage what material can be salvaged and reclaim the unexpended portion of the appropriation to be used for more important phases of our national defense program."

Titian, the artist, obtained inspiration from a bunch of grapes he kept hanging in his studio as an example of beauty of form and line.

The Amazon River is 400 miles wide near its mouth.

## Emblem Oil Launches Safety Campaign

As a public service, the Emblem Oil Company, marketers of Keystone Gasoline in northwestern Pennsylvania and southwestern New York, are instituting a program to teach safety. The program will emphasize safety primarily as it relates to mechanical condition of the vehicle.

The primary object of the program will be the training of Keystone dealers in a new system of lubrication incorporating a safety check. However, the "Keystone Safety Man" will be available to present programs to service clubs, granges, associations and schools; a full schedule is being arranged for such appearances.

The picture above shows H. R. Logan, general manager of Emblem Oil Company, handing over the keys of the Safety Man Truck to Frank Fago who has been appointed Safety Man by the Company.

Mr. Fago, a native of Warren, is a graduate of the University of Pittsburgh, class of 1948, where he majored in advertising and merchandising. He has been associated with Emblem Oil Company since July 1952, having worked as sales promotion assistant, and more recently as manager of Emblem's training and experimental service station in Olean, New York. He, therefore, is well equipped both by education and experience to

work with dealers and is an accomplished public speaker.

The Safety Man Truck is a specially constructed vehicle mounted on a 1½-ton truck chassis. The body is 8x12½ ft. and is paneled with 6 ft. 6 in. head room inside. Rear and curb side doors permit easy ingress and egress for exhibitions. Also a large side panel opens up horizontally for curb side displays. The truck is completely equipped with loudspeaker, record player and microphone, and sound motion picture machine and slide projector, latest model lubrication equipment, and a new type of driveway fast oil changer and can operate on either 60 volt or 110 volt current.

### Former Resident With Bell Co. Thirty Years

Completion of 30 years service with the Bell Telephone Company of Pennsylvania is being marked today by Llewellyn S. Head, former Warren resident, who is now a cable splicer with the company in McKeesport.

A native of Warren, he joined the company here in 1923 as a helper, transferring to McKeesport 18 years ago.

He is also Exalted Ruler of the McKeesport Lodge of the Elks and a member of the Telephone Pioneers of America and the Hundred Thousand Mile Club. Bell safe driving group. He has also been active in the Federation of Telephone Workers of Pennsylvania.

Electric generators have been provided as attachments to power lawn mowers and gardening machines by some manufacturers for use when normal electric power is disrupted by storms or other causes.

## Ludlow Gives \$413 For Warren County Boy Scout Campaign

Ludlow—E. O. Nelson, finance chairman for the Ludlow Scouts, reports \$413 was collected here for the Warren County Council's finance drive conducted during the past few weeks. He extends his appreciation to the committee and the Council for all the splendid co-operation received.

The American Legion, James Uber Post, held its regular meeting at the American Legion Hall with Commander Lester McArthur presiding. No special business was discussed.

Mrs. George Franz, Warren, was a Wednesday afternoon caller at the R. E. Wenstran home.

Mrs. Margaret French and daughters were Erie guests last week.

Mr. and Mrs. John Stamm were visitors in Cleveland for several days.

Mr. and Mrs. Wilson Cummings of Kane, were Tuesday evening callers at the home of Mr. and Mrs. William Hanson.

Friends will be happy to learn that Mrs. Bolle McArthur is recovering nicely from a recent bout with pneumonia. She is at the home of her son, Leroy, in Erie.

Mr. and Mrs. Lester McArthur spent the weekend in Townville. Bernice Cummings, Sheffield, was

## GREATEST IMPROVEMENT IN AUTOMATIC WASHING— NEW KIND OF AGITATOR

Washes clothes cleaner, faster, gentler!

only the All-New APEX WASH-A-MATIC  
...has the amazing...

### SPIRAL TUB AGITATOR

- **UNIQUE PULSATING WASH ACTION** flushes out ALL the dirt, gets clothes really cleaner with its vigorous suds-and-water action. Spiral Tub Agitator pulsates and spins 610 times per minute.
- **GENTLEST CLEANSING OF DELICATE FABRICS!** Clothes gently tumble and turn as they rotate, forcing countless sudsy geysers through the fabric! No sharp vanes.
- **WORLD'S LARGEST AGITATOR** . . . gives you more washing surface than any other agitator made! And it means faster, safer washing for you!

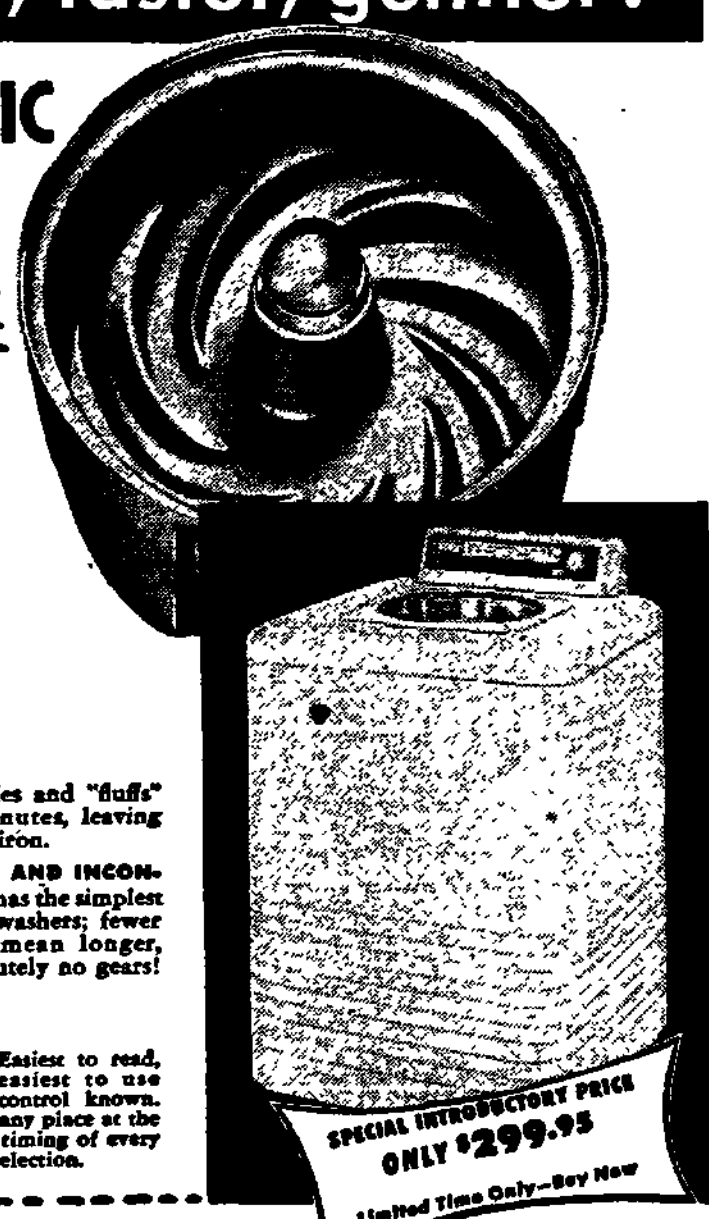

**MADE OF MAGIC FIBERGLAS!**  
Keeps wash water hotter because its double-wall insulated construction holds the heat—and it's stronger than steel, won't rust, warp, or corrode!

- 1 SAVES MONEY—PROLONGS FABRIC LIFE!** There's no sharp beater vanes to jerk, stretch, or tear delicate fabrics. Gives clothes much longer life!
- 2 SAVES MONEY ON HOT WATER!** Because it uses only 15 gallons of hot water in its entire washing cycle . . . saves up to 50% on hot water alone! Operates on water pressure as low as 10 lbs. p.s.i.
- 3 SAVES MONEY ON DETERGENTS!** The Apex washing phase uses only 6.9 gallons of hot water. Less water means up to 60% less detergent is needed!
- 4 SAVES WASHING AND IRONING TIME!** Washes faster than any other automatic washer.

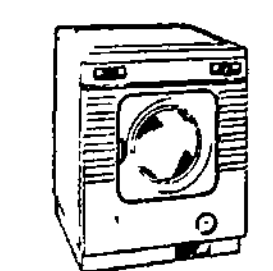

- 5 SAVES ON SERVICING COSTS AND INCONVENIENCES!** The WASH-A-MATIC has the simplest mechanism of all automatic washers; fewer moving parts to wear out mean longer, trouble-free washer life. Absolutely no gears!

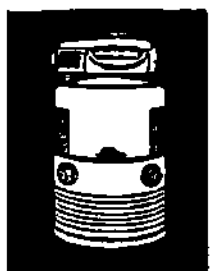

Easiest to read, easiest to use control knobs. Starts . . . stops . . . anywhere . . . any place at the touch of a finger. Assures perfect timing of every load. Permits flexible wash cycle selection.

# Coach Dick Finley's Team Wins All-Star Game

## SIX FOOTERS PUT ON FINE CONTEST HERE

Warren and Forest county schools poured their student bodies into Warren Borough last night, when some 600 basketball fans gathered in spacious Beauty Junior High gym to watch the annual Upper Allegheny Valley League All-Star game. The East team, guided by Coach Dick Finley of Marienville, emerged a 50 to 45 victor over the West quintet, which was coached by Sugar Grove's Fred Bauer.

The two squads, both loaded with lanky six-footers, battled back and forth for a quarter and a half before Youngsville's Jim Spear gave the Finley men a 16-15 lead that was never again relinquished. The score was knotted four times in the first 12 minutes of play.

Clad in gold jerseys, the East aggregation obtained a 9-7 lead for the first time at the close of the first chapter and added four more points in the second frame for a 25-19 spread at intermission. In the third, the West, dressed in white, still remained on the short end of 10-9 scoring, but sliced two points off in the last chapter when they tallied 17 points.

The contest was fast all the way, despite the larger court from what the players were accustomed, the abundance of height resulted in plenty of fighting under the boards.

Youngsville's versatile Stubby Meabon, one of the game's standouts, led the victors with 14

points. However, his sophomore teammate, Dallas Haight, took the individual honors for the opposition by hitting for 15 points. These two led their respective teams in the first quarter with five points each.

**CUPS ARE AWARDED**  
Preceding the contest Karl P. Seifert, president of the UAVL and principal of East Forest High School, presented the league trophy to Coach Charles Anderson on behalf of the 1952-53 Tidoute High championship team. It was the third successive year this team has won the UAVL.

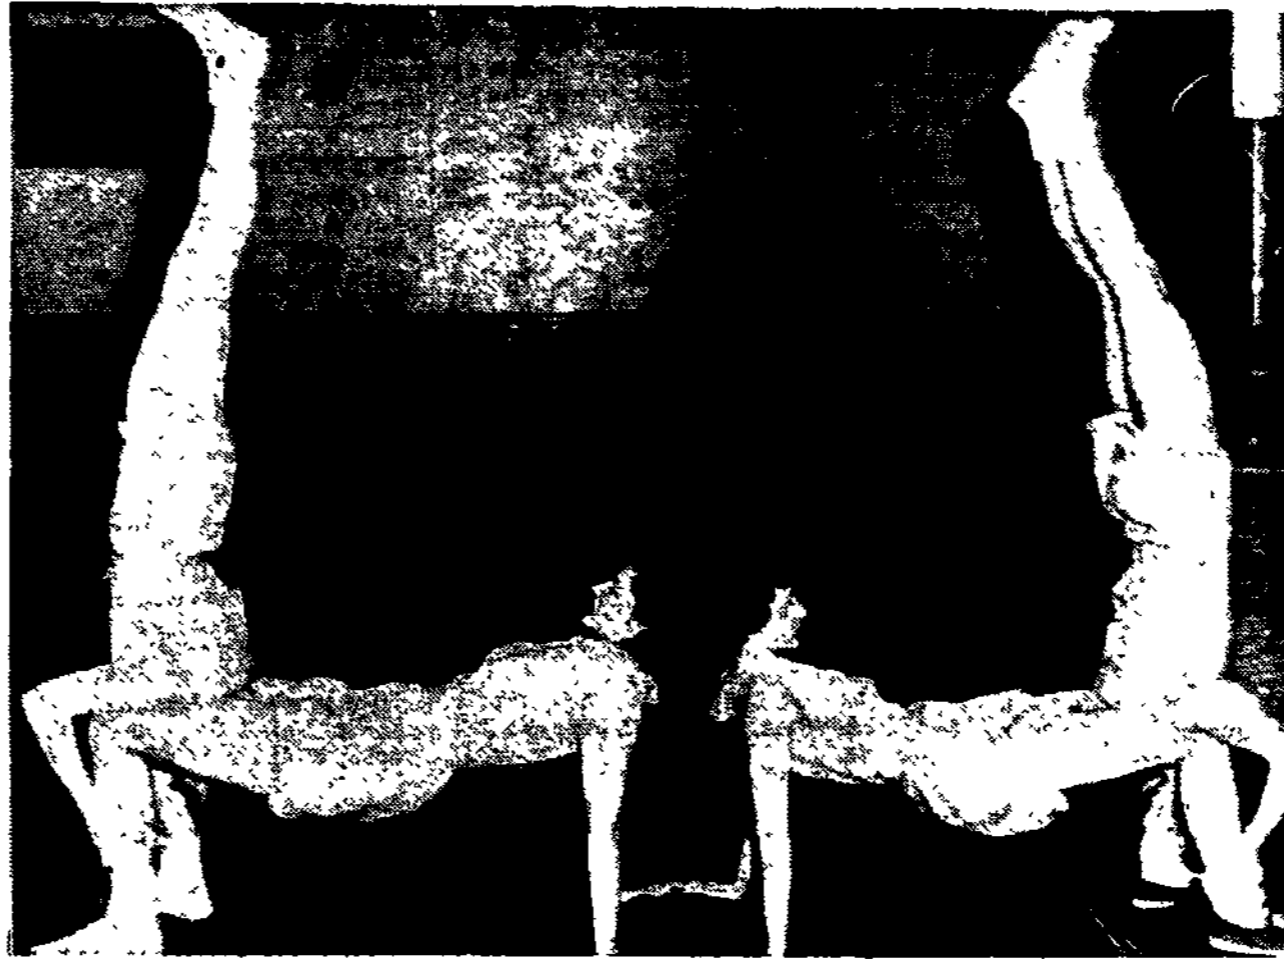

Youngsville Junior High coach, Warren Carr, then accepted the first Junior High championship ever given in the league.

Mr. Seifert announced that for the first time a banquet would be given the all-stars, the date to be released later. At this occasion the players would be given individual awards. The affair will be at Dewdrop Inn, Tionesta.

Lyman Morrison and Pete Buckingham, both of Tidoute, had the West's other two points in the opening stanza, while hard playing Captain Bob Schwab and Art Atkins, also of Tidoute, accounted for the winners' other four counts.

Haight gave the Bauermen a 15-12 edge early in the second frame with a one-hander, but Atkins, Spear, Meabon and Bud Seifert, the latter from East Forest, each popped felders and Spear added an extra free throw to send the Finley men in front, 21-15. East Forest's Bog Gettig tipped one in, Bob Baker of West Forest matched it, and then Dick Wood of Youngsville, and Meabon exchanged shots.

Meabon made an eight-point spread at the start of the first frame. Thompson of Marienville, hit with a one-hander and Wood made a lay-up to make it 27-23.

A NEW FEATURE in school performances will attract large crowds to Beauty Junior High gym tonight and Friday night, when Warren High and Beauty lassies present a Girls' Gymnastic Exhibition. The exhibitions, which are under the direction of Miss Marty Sable and Mrs. Jane Black, physical education instructors in the two schools, will start at 8 o'clock each night. The above photos indicate only a few of the stunts that will be done by the

high school girls. At the left are Sally Kronmewetter (in the stand) and Romaine Kondak; the center picture shows (left to right) Kronmewetter and Jean DeLong in the upward positions and Kondak and Kathy Schmader; and in the other demonstration DeLong is standing with Schmader in the other role. Free exercises by the Beauty girls will begin the program and the ninth graders will continue with a baton-twirling act. This will be followed in turn

by a square dance, the eighth-grade twirlers in an act with the high school majorettes, then a novelty dance, and the Beauty girls' finale, in which they will form the word "Beauty." Beginning, the high school girls' group will be the Maestros of Mischief. They will be followed by rhythmic, marching, balances, pyramids, apparatus, and tumbling. The final act on the program is the "Men in Silver," featuring Dick Hegerty, Toby Shea, and Ron Wood.

## CHUCK REESE NEW PRESIDENT OF LOCAL SPORTS BOOSTERS

Dr. Charles S. Reese, for many years a hard worker for the Warren Sports Boosters Association and one of Warren's most ardent fans, was elected to the presidency of the Association at last night's meeting in the YMCA.

Two other longtime workers in the Association, J. Russell Hanson and Harold Johnson, were elected vice president and treasurer, respectively. The other officers are: K. Earl Abel, corresponding secretary; Rell Hoskins, recording secretary; William E. Rice, Nick Creola and Fran Masterson, directors until 1956. Mr. Rice is the retiring president.

Dr. Reese appointed Nick Creola as chairman of the baseball committee, to select his own committee, and it was decided to make the usual annual gift of \$100 to the Hot Stove League and a sum commensurate with expenses to the Sunset League.

Earl Abel, Harold Johnson, Tom Juliano and Fran Masterson were named to the membership committee, while the following younger

members who served on this year's committee for the lettermen's dinner were again named to that group for next year's event: Harry Schmidt, Allen Anderson, Bill Massa, Bill Meneo, Tom Juliano, Fran Masterson and Earl Abel.

After consulting with local members of the WHS squad of 1953, Dr. Reese will name a committee for the homecoming week-end and this fall.

The Sports Boosters voted to go on record as willing to help any group with whatever development of War Memorial Field is decided upon as a community project.

Committee reports will be made at the next meeting, Wednesday, May 6.

## Wills vs. Rockets, Certified Vs. Business School in Y Loop

Wills Cleaners, current second-half leaders of the Y-City cage loop, will be favored to retain their lead tonight when the Rockets furnish the opposition in the 8 o'clock night cap. The first game at 7 o'clock will feature the second-place Warren Business School and Certified Electric.

After tonight's contests, only two nights of play round out the remainder of the season, plus a make-up game between Wills and the Schoolboys. These two used their opening game of this half as a playoff for the first round, Wills emerging the victor.

## Coach Kamus Has 9 Letter Winners At Youngsville High

It has been announced by Frank Kamus, director of athletics, that nine Youngsville High boys have received the coveted "Y" for the 1952-53 basketball season.

They were Bud McChesney, Dick Wood, Neale Meabon, Dallas Haight, Jim Spear, J. Kwiatkowski, Dick Culver, Frank Stoudt and Manager Don Artico.

# Public Library At Youngville Holds Selection Meeting

A very interesting and informative meeting of the Youngville Public Library was held in the High School Library March 10th at 8:00 p. m. Mrs. Flora McDowell, president of the meeting, presided over the meeting which elected directors and heard reports from Edolph Johnson, treasurer and C. E. Anderson.

A board of directors consisting of five elected officials and two appointed members from the Youngville Borough Council was elected. Mrs. Flora McDowell, C. E. Anderson, Mrs. Nellie Anderson, Edolph Johnson and Lewis Crippen were elected to terms of one, four, three, two and one years respectively. Gilbert Sandford, president of the borough council, reported that C. A. Jones and Orval B. Borton had been appointed to represent their group.

After minor revisions, the by-laws were read by the secretary, Mrs. Nellie Anderson and unanimously approved.

Mention was made of the tag response of \$81.15 which was paid by the Business and Professional Women's Club last Friday and Saturday. Special thanks were extended to Mrs. Retterer and her committee for their efforts in promoting the tag day.

The secretary read the portion of the will of the late Nora S. Russell which stipulated the conditions pertaining to the allotment of funds for the new library. Mr. Johnson reported that approximately \$18,000.00 was designated for the building fund and approximately \$18,000.00 to an endowment fund from which to be used for new books and librarians salary. C. E. Anderson stated that either fund is of sufficient size to warrant building and supplying new library at this time.

At a meeting of the newly elected directors of the library held after the close of the general meeting, Mrs. Flora McDowell was designated as president, Mrs. Nellie Anderson, secretary, John Anderson, treasurer, Crippen as corresponding secretary.

Hides and skins largely are a by-product since animals are used for their meat. The by-product, however, is a most valuable one.

# Times Topics

## BUILDING PERMITS

Permits for the construction of new homes on Terrace street and Madison avenue have been issued to the Wolfe Construction Company.

## VAUDEVILLE SHOW FRIDAY

The annual Warren High School Student Council talent show will be presented in assemblies before the student body in the school auditorium tomorrow morning.

## BROKEN WINDOWS

The owner of a Madison avenue garage told police yesterday that boys, armed with BB rifles and full of spring fever, had broken out windows of his building. Police said that the father of the boys would settle up with the owner.

## TRAFFIC ARRESTS

Police, on traffic patrols yesterday, made four arrests for speeding and two others for traffic light violations, in various parts of the city. Chief of Police Mike Evan said that no special drive is being made, but that the patrols are of a routine nature made every day in the year in some part of town.

## MISSING MAN WANTED

Sgt. Donald Holmes, of the state police, said this morning that his department has been asked to be on the lookout for a man missing from Baltimore, Md., since June. The man is wanted by Baltimore police. His name is given as Royston George French, and he is described as being white, 26 years of age, five feet eight inches tall, 150 pounds in weight, with brown hair, ruddy complexion and grey eyes. Anyone knowing of this man should contact state police.

## LAWN DAMAGED

Automobile drivers bent upon vandalism damaged the lawn of Beay Junior High School last night when two cars were driven across the lawn, cutting it badly. School authorities, who discovered the condition this morning, notified city police, who are investigating. In addition, some person started up a small tractor parked near the rear of the building and headed it toward the creek bank. The machine was brought to a stop just short of going into the water when it struck a tree. The tractor is owned by F. D. Shirley, West street.

# Warren County Budget On View at Court House

A legal advertisement in this evening's Times-Mirror calls attention to the fact that the proposed budget for Warren county is now on view at the county commissioners' office, where it will be available for any who care to look at it within the next twenty days.

At the end of the period, the budget will be adopted and the millage rate set, commissioners said.

The budget this year calls for \$272,873 county expenses and \$96,260 institutional expense. In comparison with last year's budget, a drop of about \$17,000 is shown when the total budget was \$366,480.

Commissioners explained that the principal reason for the lessening of expenses this year as contrasted to last year was the cost of construction of a new barn at the Rouse Home in Youngville and the purchase of some new equipment for the institution. Almost the entire lowering of the budget is in the institutional expense section.

Millage rates will be set when all re-assessment problems have been taken care of, and it is expected that these will be done before the 20-day period elapses.

## BUY U. S. SAVINGS BONDS

NOTICE

The proposed 1953 Budgets for Warren County and the Warren County Institutional District are now ready for inspection at the Commissioners' Office, Court House, Warren, Pennsylvania, and at the end of twenty days Budgets will be adopted and the millage set for the year 1953.

COMMISSIONERS OF WARREN COUNTY AND THE WARREN COUNTY INSTITUTIONAL DISTRICT

## MRS. LOUISE EYENUE

Services were held at the Peterson Funeral Home at 2:00 p. m. Wednesday for Marie G. Eyenu, wife of Louis Eyenu, 231 Liberty street. The Rev. Leland Hine, pastor of First Baptist church, officiated and the following served as bearers for interment in Oakland cemetery: Burnell Benson, Bernard Hetem, Charles Pederson, R. C. Swanson, Gail Graham and Harold Furness.

In attendance from away were Mr. and Mrs. George L. Goodre-moyle and daughter, Mr. and Mrs. Raymond Hinkley, Buffalo, N. Y.; Mr. and Mrs. Kevin Sharkey, Mr. and Mrs. Eugene Hinkley, Walter Hinkley, Erie; Mr. and Mrs. Harold Furness, Falconer, N. Y.; Miss Janet DeVine, Dunkirk, N. Y.

## CATHERINE FERGUSON

Mrs. Catherine Ferguson, wife of James Ferguson and formerly of Warren, died at 11:45 p. m. Wednesday following an extended illness. Born in Ireland on June 24, 1857, she had been a resident of the area for the past 60 years. She was a member of St. Joseph's parish.

Surviving, besides her husband, are three daughters, Mrs. William Schiffer, Little Valley, N. Y.; Mrs. Ella M. Wise and Mrs. E. C. Buckley, Chicago, Ill.; also 17 grandchildren and one great-grandchild. Another daughter, Mrs. C. E. Allen, preceded her in death.

Removal has been made to the Leo D. Gibson Funeral Home, where friends will be received at the usual hours, starting Friday afternoon, and the parish rosary will be recited at 8:45 p. m. Friday. Services in her memory will be held at 9:00 a. m. Saturday at St. Joseph's, with interment following in St. Joseph's cemetery.

## MRS. AMIE CHAPMAN

Mrs. Amie Chapman, lifelong resident of the county, died at 1:15 a. m. today at the home of her grandson, Duane Jukes, on the Goshen road, aged nearly 85 years. Born on Bailey Hill on March 20, 1868, she had lived in that area all her life.

Surviving are a daughter, Mrs. Bobby Creel, Buffalo, N. Y.; nine grandchildren and 14 great-grandchildren; one brother, George Dana Willett, of Corry.

Removal has been made to the Schoonover Funeral Home, Sugar Grove, where friends will be received at the usual calling hours until Sunday noon. Services will be held at 3:00 p. m. Sunday at the Bear Lake Evangelical United Brethren church, and the Rev. Gerald Lundeen officiating and interment following in Bear Lake cemetery.

## CHARLES MARLEY

Barnes—Word has been received here of the death of Charles Andrew Marley, 3150 Lewis avenue, Fresno, Calif., which occurred at his home on February 25 following an extended illness. Son of the late Lewis and Anna Marley, he was born in Barnes on May 12, 1881, but left for Fresno with his parents 45 years ago. Surviving are his wife, Alva; two sons, daughter and two brothers, all in Fresno.

Services in his memory were held February 27, the Rev. Joseph Gest of the First Methodist church officiating and interment being made in Belmont cemetery at Fresno.

## MRS. H. A. OTTERSON

Mrs. Ethel Swift Ottersson, wife of Henry A. Ottersson, North Warren, died at 4:15 p. m. Wednesday at the Brenan-Root Nursing Home, following a long illness. Born in North East on July 3, 1879, she lived at Ridgway before coming here 20 years ago.

Besides her husband, she leaves the following brothers and sisters: A. D. Swift, Wayne, Pa.; Mrs. Mabel E. Bostwick, Ardmore; Miss Gertrude C. Swift, Havertown, Pa.; Wilbert F. Swift, Clymer, Pa.; and Mrs. C. A. Kellman, Greensboro, N. C.

She was a member of First Presbyterian church and her pastor, Dr. Robert S. Steen, will officiate for services in her memory at 2:00 p. m. Friday at the Lutz-VerMilyea Funeral Home. Interment will be made in Thayer Memorial cemetery at Ridgway. Friends will be received at the funeral home at the regular calling hours, starting at 7:00 p. m. today.

**Letters to the Editor**  
March 11, 1953

Dear Editor:

The Warren Field and Stream club, one hundred per cent behind all activities and efforts concerning conservation of America's remaining natural resources, wishes to request all true sportsmen and good citizens to participate in National Wildlife Week, March 15 to March 21, throughout the nation.

Borough and county schools are taking part in the observance, and, with the aid of newspapers, are bringing to the attention of the general public the need of a nationwide conservation program designed not only to provide better hunting and fishing but to better outdoor recreation in general.

Take time during National Wildlife Week to read, listen and to think what the preservation of our game and fish, our woodlands, our waters, have meant to you and what they will mean to your children and grandchildren.

Bill Brooker  
Publicity chairman  
Warren Field and Stream Club.

## COOK IS IMPROVED

Friends of William Cook, who was badly injured January 10 when struck by a car near the General Joseph Warren monument, are pleased to see him out on the streets, enjoying the early touch of spring. His broken left arm knitted satisfactorily and enables "Cookie" to use crutches. The young man, whose home is in Hagerstown, Md., and who was employed by the McCarl Plumbing and Heating Company of Beaver Falls, a sub-contractor on the new Jefferson school, was in Warren General Hospital until his removal on February 2 to Hamot Hospital, Erie. A former dormitory resident at the YMCA, Cook is now rooming at 312 Beech street.

## VATICAN OBSERVES POPE'S ANNIVERSARY

Vatican City, (AP)—The white and golden banners of the Vatican City fluttered in bright sunshine here today to mark the 14th anniversary of the coronation of Pope Pius XII.

In the Vatican's famous Sistine Chapel, a solemn pontifical capella mass was celebrated. Sixteen cardinals, other high prelates, nobility and members of the diplomatic corps accredited to the Vatican attended.

The 77-year-old ruler of the Roman Catholic Church, still reported weak from his recent attack of influenza and bronchial pneumonia, did not attend the more than hour-long ceremony.

## RECORD DIVIDEND IS DECLARED BY PENNSY

Philadelphia (AP)—The biggest dividend the Pennsylvania Railroad has declared in nearly four years will be paid next month to owners of PRR common stock. The dividend, 75 cents per share, will be paid April 23 to owners of record March 22.

Last year PRR paid two 50-cent dividends, and the total of \$1 was the same as 1951. Last 75-cent dividend by the road was in May, 1949, and was the only dividend paid that year on the common stock.

## PONY LEAGUE SET TO START SEASON MAY 2

Buffalo, N. Y., (AP)—Vincent J. McNamara, president of the Class D Pony League, announced today a 126-game schedule will get underway with two games Saturday, May 2.

Batavia will visit Hamilton and Olean will play at Wellsville in the Saturday openers. On Sunday, 3, "Hornell is at Corning and Jamestown at Bradford.

**PROMPT AND EXPERT SERVICE**

**FARMS!**  
That is just one of our troubles right now. We are having plenty of calls for medium priced small farms. Why not have us look your farm over if you are thinking about selling.

**HOMES!**  
Yee we have unlimited prospective buyers for homes priced between 8 and 12 thousand dollars. You can RELY on our appraisal as to what you can expect to sell your property for. Why not have us look it over. Remember, no obligation.
